Employment in several occupations is expected to decline because of technological advances and other economic factors. Other occupations will decline because they are concentrated in declining industries.

Although turnover may create a limited number of openings, jobseekers entering a declining occupation may face increased chances of future job losses.

Virginia Occupational Employment Projections

The Virginia Employment Commission's Economic Information Services Division makes projections for over 750 job titles. A large majority of the Virginia jobs are concentrated in about 150 of these titles.
